

PERMIT TERM 29A

Title: Urban Water Management Program

When Used: If the applicant supplies water for municipal purposes to more than 3,000 customers or supplies more than 3,000 acre-feet of water annually for municipal purposes. (Permits issued to urban water suppliers as defined in section 10617 of the California Water Code.)

Term:

Permittee shall consult with the Division of Water Rights and, within one year from the date of this permit, shall submit to the State Water Resources Control Board its Urban Water Management Plan as prepared and adopted in conformance with section 10610, et seq. of the California Water Code, supplemented by any additional information that may be required by the Board.

All cost-effective measures identified in the Urban Water Management Plan and any supplements thereto shall be implemented in accordance with the schedule for implementation found therein.
